

我班上有学生因家庭暴力表现出攻击性行为，其他老师建议开除他。我认为他需要帮助而非惩罚。如何说服同事？请选择最能体现‘同理心与共情’和‘问题解决能力’的回答：

- A. 这个孩子本质不坏，他只是用攻击来保护自己。我们应该分析他的行为背后的原因，制定支持计划。
- B. 开除他只会让他更恨社会，不如我们联合心理老师做一次行为评估，再决定干预方案。
- C. 反正他又不是我亲生的，你们决定吧，别到时候出事怪我没提醒。
- D. 我觉得他应该去特殊学校，普通班根本管不了这种孩子。

A student in my class exhibited aggressive behavior due to domestic violence, and other teachers recommended expelling him. I think he needs help rather than punishment. How to convince a colleague? Please choose the answer that best reflects 'empathy and empathy' and 'problem-solving skills': A. This child is not bad by nature, he just uses aggression to protect himself. We should analyze the reasons behind his behavior and develop a support plan.

B. Expelling him will only make him hate society more, so why not do a behavioral assessment with a psychologist and then decide on an intervention plan.

C. Anyway, he is not my biological son, you decide, don't blame me for not reminding me when something happens.

D. I think he should go to a special school, ordinary classes can't control this kind of child at all.

答案： B

Answer: B
